Here is the thermometer for Crowdfunding donations up until 8 May.

We would like to thank all who contributed to the success of the launch, to all who have donated on Pozible, and those who have donated direct to the Coorabell Hall bank account with our auspicing charity - Brunswick Valley Historical Society.

Coorabell Film Club

Wednesday 7 June

THE PRODUCERS

Food & Drinks (Licensed) at 6.00

Film starts at 7.30

Directed by Mel Brooks, starring Zero Mostel and Gene Wilder this 1967 comedy won the Oscar for Best Writing, Story and Screenplay.

Down-on-his-luck theatrical producer Max Bialystock is forced to romance rich old ladies to finance his efforts. When timid accountant Leo Bloom reviews Max's accounting books, the two hit upon a way to make a fortune by raising more money than they need for a SURE-FIRE Flop. No one will expect anything back from a flop and they can pocket the difference. They need to find the worst musical ever.....

"One of the funniest movies ever made"

"A film that, like its fellow late 60s classic Bonnie and Clyde, still feels boundary-pushing and bold five decades after it was made."

TALES AS OLD AS TIME

DID YOU KNOW THERE USED TO BE A COORABELL VILLAGE?

Replete with stores, a Cobb & Co station, a blacksmith, churches and more - what happened?? where did they go?? Come to our Tales as Old as Time event and find what Coorabell used to be like.

Details coming soon!!

COMMUNITY RESILIENCE

We are hoping to start a community led resilience team (or CRT). CRTs set up a local communication system & resource map that swings into action in an emergency. Anyone who was here during the fires and floods knows that if Mt Nardi communication tower goes out most internet and phones will fail. Who has Starlink and is willing to share? Is there a generator/battery available for my neighbours' health monitor? These are the type of issues addressed.

Run on a street by street basis, information is kept privately and locally.

Details of meeting times coming soon !!

SKETCHY SKETCHERS

Coorabell's answer to Wine & Line, Paint & Sip. Model and drawing materials provided, food and drinks available.

A perfect evening of fun and creativity - It is the process and not the outcome that counts
Details coming soon !!!

SPEED LIMITS

Please join with us in requesting the speed limit on Coolamon Scenic Drive be reduced to 60km. We suggest between Possum Shoot Road and Mango Lane or further. We know many have put in a request to no avail. As they say "It's the squeaky wheel that gets the oil". Please follow up or lodge a request.

You can contact Transport for NSW and complete a "Report an Issue/feedback form" and you should receive an email reply.

Or you can complete an online speed limit "Have Your Say" change form (and not receive a reply):
