## COORABELL CRT (Community led Resilience Team)

The BOM has announced an El Nino weather event is in progress – we can expect unprecedented hot dry weather with an extremely high fire danger.

Come together with your community to prepare for any emergencies that might effect us.

Local communities know their history, risks, people, resources, and capacities better than anyone from outside the community.

*“We had no internet for more than 3 days during the last fires – It’s scary how much we rely on it “*

The Red Cross has been working with communities on the Northern Rivers for over 5 years to create “Community-led Resilience Teams”. CRTs are led by residents for residents – a communication network within the community that maps resources, links to emergency services and helps us prepare for, and cope with, disaster events.

Please consider joining your household in the Coorabell CRT network.

Time commitment is minimal – we would like as many neighbours as possible to get involved !

Inserted in this newsletter is a registration form you are encouraged to fill out and leave in the mail or donation box at Coorabell Hall or photograph and email to [coorabellhall@gmail.com](mailto:coorabellhall@gmail.com)

Registration forms can also be downloaded from the CRT page at [www.coorabellhall.net](http://www.coorabellhall.net)

- community connection with your neighbours
- a register of community resources
- emergency communications if systems fail
- a strong Coorabell CRT will help us apply for emergency equipment eg defibrillators, battery/generator, radio system

Coorabell Film Club

Wednesday 1 November

**Tampopo**

Food & Drinks (Licensed) at 6.00

Film starts at 7.30

**DON'T MISS THIS FABULOUS COMEDY  
100% Rating on Rotten Tomatoes !**

The tale of an eccentric band of culinary ronin who guide the widow of a noodle-shop owner on her quest for the perfect noodle recipe, This rapturous “ramen western” by Japanese director Juzo Itami is an entertaining, genre-bending adventure underpinned by a deft satire of the way social conventions distort the most natural of human urges –our appetites. Interspersing the efforts of Tampopo (Nobuko Miyamoto) and friends to make her café a success, are the erotic exploits of a gastronome gangster and glimpses of food culture both high and low. Sweet, sexy, and surreal Tampopo is a lavishly inclusive paean to the sensual joys of nourishment, and one of the most mouthwatering examples of food on film ever made.

*“...one of the most gleefully unconventional, joyfully anarchic, and thoroughly original films of the 1980s”*

## Affordable Summer Arts Sale "des Fleurs et des Fruits"

### First weekend in December (2nd & 3rd)

Our summer art sale is moving along with several artists agreeing to exhibit including artists Sharon Whittle, Kay Knights, Nina Packer, Erika Mayer, Belinda Black and Carole Coffey.

### You can have your Art and Eat it too

Just to add to the feast of art, as part of the Affordable Summer Arts sale and exhibition, the coordinator of the Coorabell Hall Visual Arts program - Dee Tipping - has introduced an edible art element into the exhibition. Dee is calling on those who fancy themselves making sweet edible art to join in too! You can submit cake art, tart art, chocolate art, cookie art and cupcake art. YUM art! It can be elaborate or simple sweet featuring flowers or fruit.

**Up to 50% of the sale price of art and sweet edible art pieces is returned to the artist and or sweet edible art maker.**

**50% of funds raised from the sale of artworks and sweet edible art will go towards hall updates and programme costs.**

To express your interest in making a sweet edible artwork for the event along the theme of "Des Fleurs et des Fruits"

## COORABELL CRT Community Resilience Team

We are a diverse community - old timers, young-uns, mid-lifers, newcomers, permanents, transients, visitors... Your involvement with Coorabel CRT can be as little or as much as you like.

It could be having your neighbours' contact details so you can check they actually know there is a fire racing up the escarpment towards their house....

It could be letting someone use your StarLink if Mt Nardi tower burns down....

It could be allowing someone to pump water from your creek, or to share your generator....

Or you could be 'the someone' getting the help.

To get involved fill out the CRT insert form or for more information check out [www.coorabellhall.net](http://www.coorabellhall.net)
